

# WELCOME

# "INTERNATIONAL FIZMAT SUMMER SCHOOL IS DESIGNED TO PROVIDE STUDENTS WITH TRULY UNIQUE EXPERIENCE BY COMBINING LEARNING AND FUN"

### YERLAN UTEULIN

PROGRAM MANAGER

We have developed our summer school so that our students have an opportunity to take exceptional academic courses, combined with a wide range of self-development activities. We strive for high-quality program and have selected a strong team consisting of The Princeton Review Certified Trainers, students and alumni of top Kazakhstan and U.S. schools, such as Nazarbayev University, Eurasian National University, Stanford, Duke, MIT, Williams College, Pennsylvania State University and University of Wisconsin-Madison.

### -PROGRAM

We offer the highest standards of education and support in order to help our students achieve their personal goals and maximize their potential.

Intensive 3-week program

Immersive core and elective courses

Inspiring tours and activities

### **ACADEMIC PROGRAM**

Core classes will be held in mornings in small cohorts. The duration of the classes is 3 hours. Groups are kept small in order to guarantee high-quality service and personal approach to every student. Students choose one course from the following options:

- 3D Modelling/Robotics
- Machine Learning
- App Development
- SAT Reasoning
- IELTS

Combining SAT Prep and Summer Fun is possible with IFSS. Thanks to all the IFSS staff for making this program a sheer awesomeness. Looking forward to joining our international community in 2018 once again!

Mr. Sherkhan Wisconsin-Madison Alum, Princeton Review SAT Instructor

# STUDENT FEEDBACK

As now accepted to Duke Kunshan University's Class of 2022 student, I can clearly state that my experience at International Fizmat Summer School played an important role in my applying process, having affected both SAT scores and description of my extracurricular activities, which eventually have made me a strong candidate. Furthermore, summer at IFSS for me was an ideal launch pad to my process of enrolling mainly because of all the instructions and advices about universities and education I have received from lecturers at IFSS.

Aliya Zhumagaliyeva IFSS'17 Alum

### **ELECTIVES**

Afternoons are designed so that students can broaden their experience and knowledge in chosen fields. The program offers one fun-filled and action-packed elective. These elective courses allow students to discover and enhance their skills and expertise.

### **Elective Course Options:**

- Equestrian
- Archery
- Theatre
- Public Speaking
- Tennis

The 21<sup>st</sup> century is considered "The age of technology", but our team also believes that the advancement of personal qualities is a very important aspect of personal development.

### **CULTURAL EXPERIENCE**

We always remember that our students are on their holidays and we do our best to provide a memorable summer adventure. During their three weeks, we will immerse our students in Kazakhstan's rich and unique culture and introduce them to some of its most famous attractions, traditions and cities.

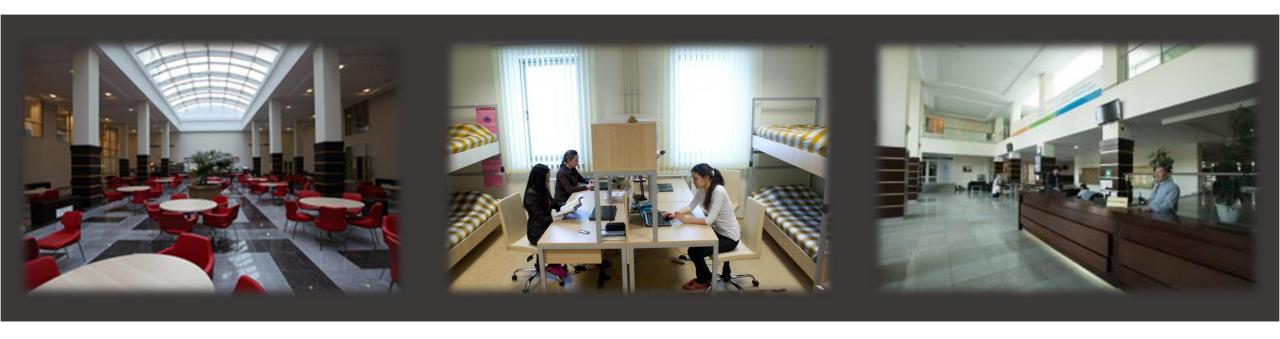

The biggest tent in the World

Burabai Resort

### **ACCOMMODATION**
